2. Introduction

- 2.1. An Identity Federation (Federation) is an association of organizations that come together to exchange information, as appropriate, about their users and resources in order to enable collaborations and transactions.
- 2.2. The Nigerian Research and Education Network Identity Federation (NgRENID) is introduced to facilitate and simplify the introduction of shared services across the Federation. This is accomplished by using Federation Technologies to extend the scope of a digital identity issued by one Federation Member to be valid across the whole Federation. The Federation relies on Home Organizations and Attribute Authorities to correctly and accurately assert information about the identity of End Users to Service Providers that may use that information to grant (or deny) access to the services and resources they offer to End Users.
- 2.3. The Federation Policy document defines the Federation by defining the Federation Members' obligations and rights to be able to use available Federation Technologies for electronic identification and for access to attribute and authorization information about End Users in the Federation. The Federation Policy also defines the obligations and rights of the Federation Operator. This document, together with its appendices and any documents referred to herein, constitutes the Federation Policy. The current list of all appendices is available on the website of the Federation, <https://www.ngrenid.ngren.edu.ng>.

3. Governance and Roles

 - NgRENID may also collect Metadata from metadata registrars of other Co- Federations and make it available to Members for the purposes of furthering the mission of the Federation.
 - Transmission of Federation Metadata to Members is not initiated by NgRENID. Instead, Members are

expected to retrieve Metadata compiled by the Federation on a regular basis.

7. Operations

7.1. The operation and performance of the Federation infrastructure are paramount to maintaining its trust fabric. NgRENID supports certain operational services. As the Federation gains more experience with federated identity and access management and as requirements for other federation services emerge, the NgRENID Federation's operations will evolve to meet new functional criteria.

Upon selecting an Identity Provider, the user is redirected to the Identity Provider's log in service to authenticate. NgRENID operates a DS service and Web page on which all Identity Providers are listed.

7.3.3. Metadata Distribution

- 7.4.1.** NgRENID disaster recovery practices ensure the minimum interruption of availability of Federation services in the event of a disaster. This includes providing redundant hardware and secure data backups.

Appendix 2 – Fees

- 3.** Disputes Among Members in NgRENID and/or other Federations
 - 3.1.** Members are expected to make every reasonable effort to settle disputes among themselves, especially if contractual issues among the Members are involved.
 - 3.2.** If circumstances warrant, (for example, if the dispute centers on the interpretation of Attribute values or the implementation of standards) NgRENID may be asked to act as referee in helping the Members come to resolution. I
 - 3.3.** f a NgRENID Participant has a dispute with an organization in a Co-Federation relating to services described in this document that cannot be resolved, NgRENID will use best efforts to work with the Participant, any relevant inter-federation service provider and Co-Federation operator on a mutually agreed-on solution.
 - 3.4.** The NgREN will serve as the Referee in working with Members. The Referee will gather as much information as possible from each disputing party and then, if necessary, ask for additional information or advice from other operational staff or advisors. The Referee will then document in writing a proposed solution and submit it to the disputing parties for comment. If both parties agree to the resolution the final draft will be filed and documented for future reference.
- 4.** Disputes Between Member(s) and the Governing Body
 - 4.1.** Any member may submit a written Notice of Dispute to the NgREN regarding any aspect of the operation or services supported by the Federation. The NgREN will make certain that sufficient information exists to define the dispute and then shall appoint a member institution to serve as Negotiator with the disputing Participant(s).
 - 4.2.** The Negotiator will gather all the facts and rationales for the dispute and, as necessary, seek advice from any Federation advisors or other relevant parties. The Negotiator will prepare a written report, which shall include a recommended resolution of the dispute.
 - 4.3.** The report shall be submitted to both parties within 30 days of the appointment of the Negotiator unless delayed by the required fact finding.
 - 4.4.** NgREN shall report its final action to the disputing Member(s) in writing as soon thereafter as is practical. If any disputing party believes it cannot accept the outcome of this process, its only recourse is to discontinue participation in the Federation.
